**MISSION.
ACCOMPLISHED.**

SHEARFORCE SP FIXED & ROTATING PULVERIZERS

Add the power of ShearForce hydraulic fixed and rotating pulverizers to your equipment fleet. ShearForce fixed and rotating pulverizers offer exceptional value for your crushing and demolition projects, and are the most reliable and powerful tool for secondary demolition and recycling of concrete. With its wider jaw, exceptional closing force, and short cycle times, the ShearForce pulverizer provides excellent productivity in construction and demolition waste recycling, concrete reduction, and reinforced steel separation.

**SAVE MONEY WITHOUT
SACRIFICING POWER AND
DURABILITY.**

- Speed boosting system provides faster cycle times.
- Bolt-on replaceable one-piece solid tooth system for simple maintenance and replacement of worn or damaged teeth, reducing down time.
- Rebar cutting blades can be flipped four times.
- Heavy-duty cylinder cover for protection of the cylinder rod.
